

Introduction

The SATAC Bulletin Schools Edition is a newsletter for school staff and others who provide advice to future tertiary students.

Each edition of the Bulletin provides updates on SATAC services and admissions processes.

Contents

1. SATAC Schools' Liaison Database and Schools Web
2. Midyear and Semester 2 applications for 2024
3. 2024 Counsellor Information Sessions and Student Information Sessions
4. Institution updates

SATIC Schools' Liaison Database and Schools Web

Thank you to everyone who has provided contact information for themselves and their school to receive communications from SATAC throughout 2024. If you need to update any details, please email schools@satac.edu.au.

This is also a reminder to inform SATAC if your school has had any staffing changes which should be reflected in your list of authorized Schools Web users. If you are unsure who at your school is currently authorized to access Schools Web, please email SATAC or call us on (08) 8224 4018.

Midyear and Semester 2 applications for 2024

Midyear undergraduate and TAFE SA applications for 2024 are currently open. Application closing dates vary across courses, so applicants should use SATAC's Course Search to check if their preferred course has a midyear intake and is still accepting applications.

Check SATAC's key dates for up-to-date information on application deadlines and offer rounds.

2024 Counsellor Information Sessions and Student Information Sessions

In 2024 SATAC will once again host information sessions for career counsellors and advisers at schools, as well as any other staff who provide advice on the SATAC system and processes.

As in previous years, sessions will be held both face-to-face and online, with further details including dates, times and venues, to be made available early in Term 2.

We will also continue our Year 12 information sessions this year, and hope to reach as many of you as possible. These sessions are expected to take place in Term 3 to align with the opening of the new admission cycle. Further information, including how to register your school for one of these sessions will be provided in due course.
